for the first time in more than fifteen years an introduction to english grammar is available in a
revised edition in the fifth edition of this renowned advanced grammar textbook the new author
dallin d oaks of brigham young university has preserved stageberg s clear and concise linguistic
approach to grammar instruction while updating the text for the 1990s advanced grammar student
updated chapter material includes revised examples of an exercises for the material studied and the
use of tree diagrams in addition the fifth edition emphasizes the significance of english grammar in
speech and composition in two new chapters usage and language variation historical regional and
social two new appendices a basic introduction to tree diagramming and an introduction to
transformational grammar provide further instruction regarding the use of tree diagrams and an
overview of transformational generative grammar as in previous editions an introduction to english
grammar fifth edition provides a linguistic approach to grammar instruction that can be used to teach
both advanced grammar and composition as well as non major introductory linguistics courses

for the first time in more than fifteen years an introduction to english grammar is available in a
revised edition in the fifth edition of this renowned advanced grammar textbook the new author
dallin d oaks of brigham young university has preserved stageberg

an introductory descriptive survey intended for students teachers and general readers which offers
coverage of grammatical topics with sections on spelling punctuation and exercises

english grammar doesn t have to be difficult this book complete with exercises and answers forms a
course which will take you from beginner or intermediate level to writing or using english confidently

and correctly this book includes simple step by step explanations to help you grasp new principles or those that have previously confused you practice questions throughout to help you embed your learning and improve your confidence and points of interest to lighten your learning all in one great value book so you don't need any separate workbooks or course books chapters include the history of the English language syllables and morphemes nouns pronouns verbs adjectives and adverbs prepositions and conjunctions phrases and clauses kinds of sentences direct and indirect speech prefixes and suffixes gender and grammar spelling and punctuation the complete introduction series from teach yourself is the ultimate one stop guide for anyone wanting a comprehensive and accessible entry point into subjects as diverse as philosophy mathematics psychology Shakespeare and economics loved by students and perfect for general readers who simply want to learn more about the world around them these books are your first choice for discovering something new

Syntax is the study of how words and phrases are arranged to form sentences syntax is an essential part of any language as it allows speakers and writers to communicate their ideas clearly and effectively in addition syntax also reveals the structure and logic of a language therefore mastering a language is impossible without learning the syntax of that language learning syntax is especially important for students of English major or for anyone who wants to master the English language English syntax is rich and complex with many rules and exceptions that govern its usage by understanding the basic principles and patterns of English syntax students can improve all their language skills reading writing speaking and listening skills in this book we will introduce you to the main concepts and topics of English syntax such as lexical categories the different types of words in English such as nouns verbs adjectives adverbs etc grammatical functions the roles that words and phrases play in a sentence such as subject object predicate modifier etc phrase structure rules the rules that determine how words and phrases can be combined to form larger units such as noun phrases verb phrases prepositional phrases etc syntactic tree diagrams the graphical representations of the hierarchical structure and relationships of words and phrases in a sentence transformational rules the rules that allow sentences to be changed or derived from other sentences such as passive voice questions formation negation etc

unlike other textbooks it helps students to understand grammar rather than see it as a set of facts and rules

this book is an accurate updated and substantially revised presentation of transformational grammar

for students with little or no background in linguistic theory after finishing this book the reader should be equipped to do the following read and understand the applications of transformational grammar that appear in the language arts journals evaluate and teach the commercial grammar programs now available in a thorough and professional way modify and supplement existing language programs with confidence use quite different types of reference works on english grammar such as jespersen s essentials of english grammar and quirk greenbaum leech and svartvik s a grammar of contemporary english and most important of all look at nearly any english sentence with a fair amount of insight about how it is put together publisher

this new edition of a successful text has been thoroughly revised to make it even more accessible to those without any prior grammatical knowledge there is greater discussion and exemplification of key terms while essential topics are now fully introduced at the outset there are also new sections more diagrams and shaded boxes

a new edition of a successful undergraduate textbook on contemporary international standard english grammar based on huddleston and pullum s earlier award winning work the cambridge grammar of the english language 2002 the analyses defended there are outlined here more briefly in an engagingly accessible and informal style errors of the older tradition of english grammar are noted and corrected and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called incorrect and show why those authorities are mistaken intended for students in colleges or universities who have little or no background in grammar or linguistics this teaching resource contains numerous exercises and online resources suitable for any course on the structure of english in either linguistics or english departments a thoroughly modern undergraduate textbook rewritten in an easy to read conversational style with a minimum of technical and theoretical terminology
